

List of Figures

Figure 1.1	Research Scheme of the Study	2
Figure 2.1	The Three Scenarios (Electricity Generation Mix)	6
Figure 2.2	Natural Gas-Fired Power Generation Potential by Country	7
Figure 2.3	Potential Demand for Natural Gas in the Industry Sector	9
Figure 2.4	Potential Demand for Natural Gas in Residential and Commercial Sectors	11
Figure 2.5	Potential Demand for Natural Gas in Road Transport Sector	13
Figure 2.6	Bunker Fuel in the Future	14
Figure 2.7	Potential Demand for Natural Gas in International Marine Sector	15
Figure 2.8	Potential Demand for Natural Gas in Domestic Marine Bunker Fuel	15
Figure 3.1	Potential Demand for Natural Gas by Sector, ASEAN + India	18
Figure 3.2	Potential Demand for Natural Gas by Country, ASEAN + India	19
Figure 3.3	Power Generation Mix, ASEAN + India	20
Figure 3.4	Potential Demand for Natural Gas by Sector, Brunei Darussalam	22
Figure 3.5	Power Generation Mix, Brunei Darussalam	23
Figure 3.6	Potential Demand for Natural Gas by Sector, Cambodia	24
Figure 3.7	(Reference) Power Generation Mix (Cambodia)	25
Figure 3.8	Potential Demand for Natural Gas by Sector, India	26
Figure 3.9	Power Generation Mix, India	27
Figure 3.10	Potential Demand for Natural Gas by Sector, Indonesia	28
Figure 3.11	Power Generation Mix, Indonesia	29
Figure 3.12	Potential Demand for Natural Gas by Sector, Malaysia	31
Figure 3.13	Power Generation Mix, Malaysia	31
Figure 3.14	Potential Demand for Natural Gas by Sector, Myanmar	33
Figure 3.15	Power Generation Mix, Myanmar	34
Figure 3.16	Potential Demand for Natural Gas by Sector, Philippines	35
Figure 3.17	Power Generation Mix, Philippines	36
Figure 3.18	Potential Demand for Natural Gas by Sector, Singapore	38
Figure 3.19	Power Generation Mix, Singapore	38
Figure 3.20	Potential Demand for Natural Gas by Sector, Thailand	39
Figure 3.21	Power Generation Mix, Thailand	40
Figure 3.22	Potential Demand for Natural Gas by Sector, Viet Nam	41
Figure 3.23	Power Generation Mix, Viet Nam	42

List of Tables

Table 2.1	Share of Natural Gas and Scenario Application	7
Table 2.2	Assumptions on Natural Gas Demand in the Industry Sector	9
Table 2.3	Projected Annual Average % Growth in Demand for Compressed Natural Gas for Vehicles	12
Table 2.4	International Fossil Fuel Costs	16
Table 2.5	Unit Power Plant Construction Cost	17
Table 2.6	Specific CO ₂ Emissions	17
Table 3.1	Cost, CO ₂ Emission (Power Generation), ASEAN + India	21
Table 3.2	Cost and CO ₂ Emission (Other Sector Total), ASEAN + India	22
Table 3.3	Cost and CO ₂ Emission (Other Sectors), Brunei Darussalam	24
Table 3.4	Cost and CO ₂ Emission (Other Sectors), Cambodia	25
Table 3.5	Cost and CO ₂ Emission (Power Generation), India	27
Table 3.6	Cost and CO ₂ Emission (Other Sectors), India	28
Table 3.7	Cost and CO ₂ Emission (Power Generation Sector), Indonesia	30
Table 3.8	Cost and CO ₂ Emission (Other Sectors), Indonesia	30
Table 3.9	Cost and CO ₂ Emission (Power Generation), Malaysia	32
Table 3.10	Cost and CO ₂ Emission (Other Sectors), Malaysia	32
Table 3.11	Cost and CO ₂ Emission (Power Generation), Myanmar	34
Table 3.12	Cost and CO ₂ Emission (Other Sector, Total), Myanmar	35
Table 3.13	Cost and CO ₂ Emission (Power Generation), Philippines	36
Table 3.14	Cost and CO ₂ Emission (Other Sectors), Philippines	37
Table 3.15	Cost and CO ₂ Emission (Other Sectors), Singapore	39
Table 3.16	Cost and CO ₂ Emission (Other Sectors), Thailand	41
Table 3.17	Cost and CO ₂ Emission (Power Generation), Viet Nam	43
Table 3.18	Cost and CO ₂ Emission (Other Sectors), Viet Nam	43
Table 4.1	Factors Affecting the Increase in Natural Gas Demand	46
