

## **DISCLAIMER**

This report was prepared by the Working Group for the “Study on the Development of an Energy Security Index and an Assessment of Energy Security for East Asian Countries” under the Economic Research Institute for ASEAN and East Asia (ERIA) Energy Project. Members of the Working Group, who represent the participating EAS region countries, discussed and agreed to utilize certain data and methodologies to develop the energy security index. These data and methodologies may differ from those normally used in each country. Therefore, the calculated result presented here should not be viewed as official national analyses of the participating countries.
