

## List of Figures

Figure 1.1	Populations Without Access to Electricity	2
Figure 1.2	Fossil Fuel Price	2
Figure 1.3	Power Generation Mix	3
Figure 1.4	Share of Technology in Coal-fired Power Plants	3
Figure 1.5	Capacity of Coal-fired Power Plants, by Age	5
Figure 1.6	Countries Supplying Boilers, by Age	6
Figure 1.7	Capacity of Turbines from Supplier Countries over the Years	7
Figure 1.8	Capacity of Generators from Supplier Countries over the Years	9
Figure 2.1	IGCC System Configuration	17
Figure 2.2	IGFC System Configuration	17
Figure 2.3	History of Efficiency Improvement in Coal-fired Power Plants	17
Figure 2.4	Life-cycle CO <sub>2</sub> - Emission Factor, by Technology	19
Figure 2.5	CO <sub>2</sub> Emission Factor of Coal-fired Power Plants, by Country	20
Figure 2.6	Comparison of Costs of Coal-fired Power Generation (IEA)	22
Figure 2.7	Comparison of Costs of Coal-fired Power Generation (OECD/NEA)	23
Figure 3.1	Cumulative Retirement Capacity of Coal-fired Power Plants	30
Figure 3.2	Electricity Generation by Fuel (Reference Case)	31
Figure 3.3	Prices of Coal and Natural Gas to Power Sector (Reference Case)	31
Figure 4.1	Path of Influence of the Efficiency Downgrade Scenario	41
Figure 4.2	Path of Influence of the Gas Conversion Scenario	42
Figure 4.3	Calculated Result (India)	45
Figure 4.4	Calculated Result (Indonesia)	46
Figure 5.1	Calculated Result (Australia)	52
Figure 5.2	Calculated Result (Indonesia)	53
Figure 5.3	Calculated Result (South Africa)	54
Figure 6.1	History of Efficiency Improvement in Coal-fired Power Plants	59
Figure A.1	Calculated Result (South Africa)	67
Figure B.1	Combined Effect of Fuel Cost and Capital Cost of Coal-fired Power Plants (India)	71
Figure B.2	Combined Effect of Fuel Cost and Capital Cost of Coal-fired Power Plants (Indonesia)	71
Figure B.3	Combined Effect of Fuel Cost and Capital Cost of Coal-fired Power Plants (South Africa)	72
Figure C.1	Model Framework of GTAP	74
Figure C.2	Impact of Lower Thermal Efficiency of Coal-fired Power Generation Production Function	75
Figure C.3	Real GDP Change in India	77

Figure C.4	Real Consumption Change in India (Contribution to Real GDP)	78
Figure C.5	Energy Production Change in India	80
Figure C.6	Domestic Production Cost Change of Non-energy Industry in India	81
Figure C.7	Production Amount Change of Major Non-energy Industry in India	81
Figure C.8	Real Export/Import Change in India (Contribution to Real GDP)	82
Figure C.9	Real GDP Change in Indonesia	83
Figure C.10	Real Consumption Change in Indonesia (Contribution to Real GDP)	84
Figure C.11	Real Export/Import Change in Indonesia (Contribution to Real GDP)	86
Figure C.12	Energy Production Change in Indonesia	87
Figure C.13	Domestic Production Cost Change of Non-energy Industry in Indonesia	88
Figure C.14	Production Amount Change of Major Non-energy Industry in Indonesia	89
