The findings, interpretations, and conclusions, and views expressed in this report are entirely those of the author/s and do not necessarily reflect the views and policies of the Economic Research Institute for ASEAN and East Asia, its Governing Board, Academic Advisory Council, or the institutions and governments they represent. Any error in content or citation in the report is the sole responsibility of the author/s.

This report was prepared by the Working Group for the 'Sea and Security of Oil and LNG in the EAS Region' under the Energy Research Institute Network (ERIN) research project of the Economic Research Institute for ASEAN and East Asia (ERIA). Members of the Working Group, who represent the participating East Asia Summit countries, discussed and agreed to utilise certain data and methodologies proposed. These data and methodologies may differ from those normally and/or officially used in each country, and therefore, the calculated results presented here should not be viewed as official national analyses of the participating countries.
