

Acknowledgements

The study 'Institutional Policy and Economic Impacts of Energy Subsidy Removal in East Asia' is a joint effort of the Working Group members and contributing authors from the East Asia Summit (EAS) countries. The Economic Research Institute for ASEAN and East Asia (ERIA) is grateful for the guidance provided by members of the Energy Cooperation Task Force and feedback from the 9th EAS Energy Ministers Meeting. ERIA also acknowledges the contributions of the Project Team and contributing authors for the completion of this project.

Special acknowledgement also goes to Mr Shigeru Kimura and Dr Han Phoumin for their contributions to the technical editing of this report.

This study could not have been completed without the invaluable support and contribution provided by the many people whose names are mentioned in the project member list.

Thanks also go to Ms Dewi Anggraini, Ms Wuri Wulandari, and Ms Risa Annisa Febry of the Energy Unit at ERIA for their hard work and administrative support.

Special thanks go to Ms Maria Priscila del Rosario, chief editor and publication director at ERIA, and her team of editors and publishing staff for helping edit the report and prepare it for publication.
