

# ASEAN Vision 2040

A four-volume report on 'ASEAN Vision 2040' in support of Thailand's chairmanship of ASEAN. This comprehensive study assesses the challenges faced by ASEAN and sets out a vision for the next 2 decades and the strategies to achieve it. Through this publication ERIA proposes a message of collective leadership of the East Asia region, which means strengthening ASEAN centrality for it to become the institutional hub for regional integration and economic and social development.

Volume I

## **ASEAN Vision 2040: Towards a Bolder and Stronger ASEAN Community**

Volume I consists of the integrative report and executive summary of ASEAN Vision 2040, and a brief on new challenges and key priorities and strategies. ASEAN Vision 2040 has been drawn up in the context of ASEAN's achievements, revealed aspirations, and expectations of the peoples of ASEAN for the near future, and the recent and expected global, regional, and technological developments. The volume presents the ASEAN Vision 2040 and highlights key areas of collective leadership and ASEAN centrality, harnessing the emerging Industry 4.0 to transform the ASEAN economies and enhance ASEAN resiliency and developmental sustainability, realising a seamless ASEAN, engendering greater inclusivity, and a deeper sense of community and belonging, and strengthening the ASEAN institutional ecosystem.

Volume II

## **Collective Leadership, ASEAN Centrality, and Strengthening the ASEAN Institutional Ecosystem**

*Edited by Simon Tay, Shiro Armstrong, Peter Drysdale, and  
Ponciano Intal Jr.*

The papers in Volume II discuss the imperative of collective leadership and ASEAN centrality in light of the greater uncertainty in the global trading system and on regional security which have been underpinning ASEAN's outward oriented strategy and development. It is suggested that ASEAN's major Dialogue Partners in East Asia and the United States as well as ASEAN itself can be important contributors to strengthening collective leadership in East Asia and to enhancing ASEAN Centrality. The last paper in the volume presents ideas on how to strengthen ASEAN's institutional ecosystem, which is important for ASEAN to be able to assert ASEAN centrality in an increasingly uncertain and changing regional environment.

Volume III

## Transforming and Deepening the ASEAN Community

*Edited by Fukunari Kimura, Venkatachalam Anbumozhi,  
and Hidetoshi Nishimura*

The papers in Volume III delve into the theme of transforming and deepening the ASEAN Community. The main focus is on the digital and fourth industrial revolution as well as on innovation as both offer opportunities and challenges for ASEAN Member States for economic transformation and enhanced resiliency and sustainability. The volume also emphasises the drive towards greater inclusivity, leaving no one behind, and greater people centredness and engagement to deepen the sense of belongingness in the ASEAN Community.

Volume IV

## **Integrated and Connected Seamless ASEAN Economic Community**

*Edited by Ponciano Intal Jr. and Mari Pangestu*

The volume consists of papers on critical elements for an integrated and connected Seamless ASEAN Economic Community up to 2040. The critical elements include seamless trade facilitation, managing non-tariff measures, strategies on standards and conformance, engendering skills mobility and development, service sector development and open investment environment, competition and intellectual property policy, seamless logistics and connectivity, data flows and electronic payments in the digital economy, capital market deepening, and good regulatory practice.
