This study is a joint effort of Working Group members from the East Asia Summit countries and The Institute of Energy Economics, Japan (IEEJ). We would like to acknowledge the support provided by everyone involved. We especially take this opportunity to thank the members of the Working Group, the Economic Research Institute for ASEAN and East Asia (ERIA), the International Affairs Division of the Agency for Natural Resources and Energy (ANRE) of the Ministry of Economy, Trade and Industry (METI) of Japan, and IEEJ's Energy Outlook Modelling Team.

Special acknowledgement also goes to Ms Cecilya L. Malik of Indonesia, Mr Danilo Vivar of the Philippines, and Mr Yanfei Li and Mr Phoumin Han of ERIA for their contributions in editing this report.

This study could not have been realised without the invaluable support and contribution provided by many people (please see details in the List of Project Members).

Special thanks go to Ms Maria Priscila del Rosario, chief editor and publication director of ERIA, and her team of editors and publishing staff for helping edit the report and prepare it for publication.
