

List of Tables

Table 1	Comparison of Green Building Rating Tools	9
Table 2	Green Mark and GBI Rating Classification	10
Table 3	Building Policies and Regulations in Selected Countries in ASEAN and East Asia	11
Table 4	Minimum Energy Efficiency Index for Different Building Types	31
Table 5	Definition of Modelling Scenario	33
Table 6	Comparison of Motorisation in Tokyo and Jakarta	40
Table 7	Estimated Results of Gompertz and Logistic Models	55
Table 8	Emission Factors of Gasoline and Diesel Fuels	57
Table 9	Global Warming Potentials of Greenhouse Gases	57
Table 10	Investment Cost and Levelised Cost of Electricity for Solar PV	76
Table 11	Investment Cost and Levelised Cost of Electricity for CSP	76
Table 12	Investment Cost and Levelised Cost of Electricity Storage	81
Table 13	Sandia National Laboratory Phases of Technology Road Mapping	86
Table 14	EPRI Methodology for the Development of Smart Grid Road Maps	87
Table 15	IEA Methodology for the Development of Smart Grid Technology Road Maps	87
Table 16	Smart Grid Visions/Objectives of Selected Utilities	88
Table 17	Smart Grid Drivers of Selected Utilities	89
Table 18	Smart Grid Programme Areas/Functional Priorities of Selected Utilities	90
Table 19	Pacific Gas and Electric Smart Grid Programme Areas and Pillars of Action	91
Table 20	Deployment Plan Phases and Pillars of Action	91
