

Acknowledgements

The Institute of Energy Economics Japan (IEEJ) would like to thank the following team of the Petroleum Institute of Thailand (PTIT) for conducting the assessment on the resilience of liquefied natural gas (LNG) import disruptions in Thailand (Chapter III):

Dr Siri Jirapongphan, Energy Minister, Government of Thailand, former Executive Director

Mr Pornchai Patiparnprechavut, Advisor

Ms Dusadee Chareonchitswad, Deputy Executive Director

Ms Krischasorn Udomwadhanaphorn, Deputy Executive Director

Ms Suthida Chokthanyawat, Senior Analyst.

IEEJ would also like to take this opportunity thank Dr Ruengsak Thitiratsakul of PTIT, now at the Asia Pacific Energy Research Centre (APEREC), for helpful assistance in bridging the collaboration between PTIT and IEEJ.

This work is supported by a grant for ERIA Research Project FY 2016 (No. ERIA-RD/RA-001-004-608/01/FY2016) from the Economic Research Institute for ASEAN and East Asia (ERIA).
