

# Acknowledgement

---

This study is a joint effort of Working Group members from the East Asia Summit countries, Economic Research Institute for ASEAN and East Asia (ERIA), and The Institute of Energy Economics, Japan (IEEJ). We would like to acknowledge the support provided by everyone involved. We especially take this opportunity to thank the members of the Working Group, ERIA's energy team; the International Affairs Division of the Agency for Natural Resources and Energy (ANRE) of the Ministry of Economy, Trade and Industry (METI) of Japan; and IEEJ's energy outlook modelling team.

Special acknowledgement also goes to Dr. Phoumin Han, Dr. Alloysius Joko Purwanto, Ms. Clara Gillispie, and Ms. Cecilya Laksmiwati Malik for their contributions in technical editing of this report.

This study could not have been realised without the invaluable support and contributions provided by many people (please see details in the List of Project Members).

Special thanks go to Mr. Stefan Wesiak, chief editor and publication director of ERIA, and his team of editors and publishing staff for helping edit the report and prepare it for publication.
