This report consists of the papers from ERIA's SME research working group in Fiscal Year 2009. It aims to improve our understanding on how to effectively increase SMEs participation in the East Asian production networks. All papers presented in this report were presented in two workshops held in Jakarta over the period of August 2009 to February 2010.

We would like to express our appreciation and gratitude, first and foremost, to the members of our working group for their scholarly contribution to the completion of this research.

We are deeply indebted to Professor Fukunari Kimura, Chief Economist of ERIA, for his intellectual guidance, encouragement, and supports for the research project.

ERIA management support is crucial for the completion of this research. We are profoundly grateful for the strong support provided by our Executive Director, Mr. Hidetoshi Nishimura, General Manager, Mr. Daiki Kasugahara, Finance Manager, Mr. Koshi Yamada, and all esteem administrative staffs of ERIA for their excellent logistic supports.

Last, but not least, we would like to thank our colleagues, ERIA researchers, for their enthusiasm and participation in our workshops.
