

## TABLE OF CONTENTS

	Preface Summary	i
	Table of Contents	iii
	List of Project Members	iv
	Executive Summary	v
CHAPTER 1.	Benefits of 3R: From the Life Cycle Perspective <i>Thumrongrut Mungcharoen, Sataporn Sridowtong, Worayut Saibuatrong</i>	1
CHAPTER 2.	Singapore Packaging Agreement and 3R Packaging Awards <i>Thian-Guan Peck and Marcus GH Tay</i>	22
CHAPTER 3.	Recyclable Collection Trends and Best Practices in the Philippines <i>Lisa C. Antonio</i>	40
CHAPTER 4.	Informal Collectors of Recyclable Waste and Use Goods in Indonesia <i>Enri Damanhuri</i>	71
CHAPTER 5.	Sound Strategies to Improve the Condition of the Informal Sector in Waste Management <i>Vella Atienza</i>	105
CHAPTER 6.	Industrial Standards and Roles of Stakeholders in the 3R Implementation in Vietnam <i>Huynh Trung Hai</i>	143
CHAPTER 7.	Establishing Industrial Standards for Recycled Waste: The Case of Malaysia <i>Ahmad Fariz Mohamed, PhD</i>	190
CHAPTER 8.	Industrial Standard for Recycled Goods in Japan and South East Asian Countries <i>Michikazu Kojima and Vella Atienza</i>	216
CHAPTER 9.	Design of E-waste Recycling Indicators in East Asia <i>Sungwoo Chung and Michikazu Kojima</i>	235
CHAPTER 10.	Utilization of Material Flow Analysis in 3R Policy in Japan <i>Atsushi Terazono</i>	259
CHAPTER 11.	Toward 3R-Based Waste Management: Policy Change in Japan, Malaysia and the Philippines <i>A.A. Hezri</i>	274
CHAPTER 12.	Policy Challenges and Research Needs for a Sustainable Resource Circulation in East and Southeast Asia <i>Yasuhiko Hotta</i>	291
CHAPTER 13.	Location of Recycling Facilities and International Trade of Recyclable Waste <i>Michikazu Kojima.</i>	309
