

ACKNOWLEDGEMENTS

This analysis has been implemented by a working group under ERIA Energy Project. It was a joint effort of Working Group members from the EAS Countries and IEEJ (The Institute of Energy Economics, Japan). We would like to acknowledge the support provided by everyone involved. We would especially like to take the opportunity to express our gratitude to the members of the Working Group, Economic Research Institute for ASEAN and East Asia, Office for Economic Development and Integration in East Asia of METI, Energy Conservation and Renewable Energy Department of ANRE/METI, International Affairs Division of ANRE/METI, and IEEJ's Energy Outlook Modelling Team.

Special acknowledgement is also given to Ms. Edwina Heyhoe of Australia, Ms. Cecilya Malik of Indonesia, Ms. Lilibeth T. Morales of Philippines and Dr. Xunpeng Shi of ERIA for their contributions in the writing and editing of this report.
