

TABLE OF CONTENTS

	Table of Contents	i
	List of Project Members	iii
	Executive Summary	v
CHAPTER 1.	Deepen Understanding and Move Forward: Energy Market Integration in East Asia	1
	<i>Fukunari Kimura and Xunpeng Shi</i>	
CHAPTER 2.	Energy Market Integration in East Asia: A Regional Public Goods Approach	19
	<i>Philip Andrews-Speed</i>	
CHAPTER 3.	Measure the Energy Market Integration in East Asia: A Principal Component Analysis Approach	63
	<i>Miaojie Yu</i>	
CHAPTER 4.	Energy Market Integration and Economic Convergence: Implications for East Asia	96
	<i>Yu Sheng and Xunpeng Shi</i>	
CHAPTER 5.	Promoting Energy Market Integration in EAS Region by the Approach of Trade Facilitation: from Chinese Perspective	123
	<i>Jianping Zhang and Daojiong Zha</i>	
CHAPTER 6.	The ‘Asia Premium’ in Crude Oil Markets and Energy Market Integration	152
	<i>Tilak K. Doshi and Neil Sebastian D’Souza</i>	
CHAPTER 7.	Pricing Reform and Enhanced Investment in the Energy Sector: A Way towards East Asian Economic Development	191
	<i>Satoshi Kojima and Anindya Bhattacharya</i>	

CHAPTER 8.	Gas Market Integration: Global Trends and Implications for the EAS Region	213
	<i>Yanrui Wu</i>	
CHAPTER 9.	An Integrated Asian Natural Gas Market: Potentials and Policy Implications	237
	<i>Youngho Chang and Yanfei Li</i>	
CHAPTER 10	Effect of Energy Price Increase on East Asian Region's Food Industries' Interconnectedness and Integration	266
	<i>Khalid A. Hamid, Zakariah A Rashid and R. Zarina R. Mohammad</i>	
CHAPTER 11.	Calibrating the Mix of Electric Power Generation Types	298
	<i>Ken Itakura</i>	
CHAPTER 12.	Substitute of Nuclear Energy Supply- A Strategic Policy Decision for Asia	311
	<i>Anindya Bhattacharya and Satoshi Kojima</i>
