FOREWORD

The Economic Research Institute for ASEAN and East Asia (ERIA) is an

International Organisation which pursues economic research and makes policy

recommendations relevant to the East Asia Summit member countries.

The Australian Government was one of the earliest donors among the member

countries which pledged financial contribution to ERIA to conduct its research in such

manner that the findings are of value to the member countries.

ERIA would like to take this opportunity to thank the Australian Government and

AusAID, without whose generous contribution this research would not have been

possible. ERIA also looks forward to continued association with AusAID in the future

and hopes that the member countries find this research useful.
